

## **GZA GeoEnvironmental, Inc. Joins USGBC**

NORWOOD MA...ISSUED DECEMBER 10, 2008...GZA GeoEnvironmental Inc., a leading environmental and geotechnical consulting firms, has demonstrated its commitment to green building and the goals of the U.S. Green Building Council's (USGBC) Leadership in Energy and Environmental Design Green Building Rating System (LEED) by becoming a member of the national organization.

GZA' areas of expertise in Brownfield Development, Wetlands Delineation, Water Efficiency, Renewable Energy, and Indoor Environmental Quality serve as possible criteria for new construction LEED points. GZA has LEED accredited professionals on their team who can coordinate efforts for specific LEED points for the services they provide on projects.

"With our years of experience working on environmental issues we are in a unique position to promote and take on a leadership role in the growth of green building," said William R. Beloff, President and CEO of GZA GeoEnvironmental, Inc. "We work actively with all of our clients in providing the right environmental solutions for projects that have a great impact on the communities where they reside. We are committed to continuing our efforts in remediating contaminated sites and creating renewable energy."
